

The new generation of industrial cases.

Megabag offers an eye-catching design for individual packaging requirements.

A case for all applications. Reliability In protection, portability and product presentation.

The Megabag offers “Double-Walled” protection - a unique feature creating an impact absorbing “air-cushion” combined with tough polypropylene to provide strength and stability for daily use, year after year.

- Cost effective
- “Double-walled” polypropylene construction with impact absorbing “air-cushion” for ultimate product protection
- Comfortable handle to carry loads of up to 40 Kg
- Four sizes
- Two standard colours, with other colours to special order

Megabag in standard colours of light grey or black. Other colours to special order.

Black Megabag with lid-stay. Document storage in the lid with customised foam insert in the base and combination padlock for security

Special options available:

- Customised foam inserts
- Document files, desk top, or divider boards
- Separate combination padlock
- Available with or without lid stays

Megabag Tool Cases - put to the test daily.

A distinctive and professional image to suit the most demanding user.

A flexible system that allows the user to choose the tool panel combination that suits the application. Optional combination padlock for security.

Strength and Quality - cases made to last.

Detail and attention have been applied in creating the reliable "living hinge", the same used in the motor industry for foot pedal mechanisms, tested to the most rigorous standards.

Impact and rough handling can seriously damage a poorly packaged product. By utilising well designed foam interiors and specialised fittings a tailor-made solution will protect your products perfectly.

Megabag Tool Case

Megabag

| | black | light grey |
|--------------|--------------------|------------|
| | | |
| | Int. Dimensions mm | |
